8538 PESTICIDE DISCLOSURE NOTICE

STATE LAW REQUIRES THAT YOU BE GIVEN THE FOLLOWING INFORMATION:

CAUTION -PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Companies are registered and regulated by the Structural Pest Control Board and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United States Environmental Protection Agency. Registration is granted when the state finds that, based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized. **If within 24 hours following the application you experience symptoms like common seasonal illness comparable to the flu, extreme thirst, lethargy, diarrhea, or bleeding, contact your physician or poison control center 1-800-222-1222 and your pest control company immediately.**
